To Discuss Teaching at CPS Meeting

Teachers and citizens interested in education will attempt to define good teaching in a meeting at the Crescent Park School, Feb. 26, at 8 p. m.

The meeting is one of a series held this winter under the sponsorship of the Maine Teachers' Association. Clyde Russell, MTA executive secretary, who will act as chairman, said the meetings have sharpened the understanding of both teachers and citizens. "We hope that out of these conferences between teachers and non-teachers we can get some practical suggestions about how the MTA can improve teaching," he said.

The Bethel group will be asked to review and revise ten measures of good teaching that have been developed in previous meetings at Thomaston, Caribou, Machias, Paris, Camden and Gardiner. The MTA discussion material is revised after each meeting to accommodate new ideas and opinions.

Mr. Russell said his aim has been to evaluate teaching by looking at results, not at the traits of teachers. Discussion questions attempt to determine the effect of a teacher's skill and ability on his pupils, his fellow teachers, parents and community.

Other questions are designed to determine a teacher's understanding of young people and classroom control. How well do the teacher's students do in examinations and the next class? Do they develop intellectual interests?

Mr. Russell said that the widespread discussion of what is good teaching is a project of the MTA Committee on Teacher Education and Professional Standards.

"We are inviting non-teachers, school boards particularly, and candidates for election to school boards, to join with us in a study of what good teaching is. We are not trying to find the traits of a good teacher. Good teachers come in all sizes and shapes. We are concerned with good teaching. We want to know if we can find objective criteria, so that half a dozen people could examine the results and agree about what they show. We want to see if we can agree about what is most important in teaching," said Mr. Russell.

Mrs. Bernice Noyes of the Five Town Teachers Club is in charge of arrangements for the meeting. She is being assisted by Mrs. Libbie Kneeland, Mrs. Lois Burgess, Mrs. Ruth Hastings, and Mrs. Edith Eypner.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The School Needs Survey Committee has recommended a

two room addition to the Crescent Park School. Action on the matter will come under Article 53 of the warrant. This subject was discussed at length by the Budget Committee but no action in the form of a recommendation was made either for or against the addition. Art. 54 provides for the Selectmen and Treasurer to have authorization to borrow up to \$50,000 to finance the school addition. If the school construction is voted it will have no effect on the tax rate for 1962, but will in 1963 when repayment of the loan is started, as well as payment of interest.

Art. 55 provides that the Selectmen appoint a committee of seven, including the Town Manager and Fire Chief, to serve as a study committee to make a recommendation for the location of a new fire station, determine costs, size and type of building, and make a report to the Selectmen by the end of the year. The Budget Committee recommended that this article be adopted.

The last article is relative to amending the Zoning Ordinances prohibiting house trailers or mobile homes on several of the streets. A public hearing was held at the Community Room with general approval of the ordinance as drafted by the Planning Board. Suggestions were made relative to adding streets not already included which the Planning Board took under advisement. No one at the hearing objected to the passage of a trailer ordinance. The redraft appears under Art. 56 in the warrant.

Sincerely,
Harold L. Bean

Mrs. Iris MacKay and two children of Camden have been visiting Mr. and Mrs. Stanley Davis this week.

Miss Kathy Vogt is spending a few days this week visiting her grandmother, Mrs. John Shepherd, in Norway.

Miss Rachel Keniston is spending a few days visiting her grandmother, Mrs. Eva Keniston, in West Paris.

Guy Bartlett arrived home from the CMG Hospital Wednesday after being there for observation since Sunday. Robert Lucas suffered a broken left leg above the knee, a cracked rib and cuts and bruises in an automobile accident near Bellows Falls, Vt., last Friday. He was a patient in the Rockingham Memorial Hospital at Bellows Falls until Wednesday and is now in the CMG Hospital at Lewiston.

CIVIL DEFENSE PLANS RECEIVE STATE SANCTION

At the regular monthly meeting of the Bethel Civil Defense Staff at the Selectmen's Office, Feb. 14, presided over by Director Stephen Jacobs, it was made known by him that the Bethel State had approved the Bethel group's Operations Plan. This will make possible procuring equipment for civil defense purposes from the Augusta warehouse, as well as supplying matching funds for town needs in this realm.

Rosters of names of Bethel citizens who have returned filled-out blanks signifying what field they wished to serve in local civil defense matters were completed and plans made for issuing ID cards and auto stickers. A special request was made by Police Reserve Addison W. Saunders for more volunteers for his department. All interested are urged to contact him.

After some discussion as to the suitability of houses for emergency shelter in Bethel, the consensus of opinion was that the Academy buildings were best suited for this; Director Jacobs suggested that further surveys were needed in this regard.

Some discussion was also held on the subject of shelter for citizens burned out of their homes; while most of these unfortunate folks would be cared for by neighbors and relatives, it was suggested that local hotels and motels be contacted for possible over-night accommodations. Traffic control during fires was left in the hands of Ad Saunders and "Mush" McMillin.

It was voted to add Mrs. Louise Lincoln to the Public Information staff. The next meeting of the group will be held on Wednesday, March 14.

REPUBLICAN CAUCUS

The 1962 Republican campaign opened locally as Chairman Arthur Lincoln of the GOP Town Committee called the Republican Caucus to be held at 7:30 p. m., on Tuesday, Feb. 27th, at the Selectmen's Office.

At this caucus all Republicans in town may participate in the choice of officers and members of the Republican Town Committee, as well as in the election of delegates and alternates to both State and District Conventions.

East Jr. Ski Races Week End Event

The East's top young skiers are arriving in Bethel to practice for the USEASA Junior Alpine Championships at Sunday River Skiway this week end. Eighty boys and thirty-three girls, all under eighteen, have been selected in several series of races to fill the quotas for these states: Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, Maryland and Virginia. The winners here will represent the East in the National Junior Alpine Championships in Kalispell, Montana, March 15-17. Ni Orsi of Lake Placid, last year's National Junior Alpine Champion, will be defending his Eastern titles in both Downhill and Slalom.

The United States Eastern Amateur Ski Association selected one of the East's fastest-growing mountain developments for this year's championship races. Sunday River Skiway has grown in three years to become Maine's second largest ski area, with a 1400-foot

vertical drop and six miles of trails. The Sunday Punch racing trail, to be used for all events, has won wide recognition as an outstanding competition course. The area's four other trails and beginners' area will be reserved for recreational skiers throughout the week end.

The Downhill Course was opened for section practice Wednesday and full-course practice Thursday. Downhill, the most spectacular of the Alpine events, is now seldom run and only by carefully-selected competitors, having been largely replaced by Giant Slalom in which a greater number of control gates limits the speed of the racers. Under the new USEASA rules all competitors will wear racing helmets.

Downhill events will be run Friday, Giant Slalom Saturday, and Slalom Sunday. The girls will race first each day, using a shorter course than the boys who follow them. Competition will start at 11 a. m. Friday and Saturday and 9:30 a. m. Sunday.

Nelson Smith, son of Mr. and Mrs. Jason G. Smith, Jr., Vernon St., Bethel, and Louis Nava of Norway Lakes, are being congratulated by Chief Ouellette, of the Navy Recruiting Station, Rumford, Maine, on their enlisting in the Navy. Both are now undergoing recruit training at Great Lakes, Ill.

Mr. and Mrs. Dexter Thompson and Tommy of Ashland, Mass., are visiting this week with friends and relatives in Bethel.

Gould Wins Over Notre Dame, 40-35

In a low scoring, deliberately played game, Gould Academy completed its 1962 season with a 40-35 victory over Notre Dame High School of Berlin, N. H. Both clubs scored 15 field goals but the Huskies completed 10 out of 17 free throws while the visitors got only 5 out of 17 which gave the home club its margin of victory.

After falling behind 27-21 early in the third period, Scott Cummings scored 3 quick baskets to get Gould back in the ball game. From there until the final quarter the game was close but Gould moved into a 10 point lead in the last quarter. The New Hampshire five made the last two baskets but time ran out before they could make a successful rally.

Mike Lamoureux was the game's high point man with 18, while Paul Hamilton and Scott Cummings gathered 16 and 14 points respectively for Gould.

The Gould J.V.s started the evening's festivities with a 44-32 victory over Notre Dame's J.V.s.

BETHEL P.T.A. MEETS

The Bethel Parent Teacher Association met Tuesday evening at Crescent Park School with 42 members present.

It was announced that the Maine Teachers Association staff will hold a panel discussion Monday evening, Feb. 26, at 8 o'clock at Crescent Park School. All PTA members and citizens who are interested in our schools are invited to attend.

The article for the warrant of the town meeting to raise funds for a skating rink was dropped, since it was noted that the Gould rink is open to the public. This rink is lighted and well taken care of.

It was brought to the attention of the PTA that the library at the Primary School needs donations of books or children's magazines suitable for grades 1 through 4. If you have anything for this age group and wish to give it to the school, please leave it with Mrs. Bernice Noyes or take it to her class room.

In observance of the anniversary of PTA, Janet Richardson read the history of the two women who founded it.

EDITORIAL

A matter which may be of considerable importance to the people of Bethel is to be decided on town meeting day. Article 3 of the warrant for town meeting provides for a vote by secret ballot on the question of accepting the provisions of the Act of the last legislature establishing the Bethel Utilities District.

Unfortunately the Act is too long to be presented in full in the Citizen. However, it is understood that it provides for the management and operation of the town's sewer system and the water facilities at West Bethel by a board of trustees named by the Selectmen. The proposed District is authorized to acquire the property and franchises of the Bethel Water Company, but such a step seems unlikely at present.

To quote briefly from the Act: "...said district, through its trustees, is authorized, with the approval of the Public Utilities Commission, to borrow money from time to time, to an amount not exceeding \$100,000 and to issue therefor the interest-bearing negotiable notes of the district.... There shall be a lien, to secure payment of rates legally assessed, on real estate within the Town of Bethel which shall take precedence of all other claims on said real estate and interest, except claims for taxes.

It should be remembered that this matter will not be open for discussion on the floor at town meeting. The vote by ballot will take place during the day with the election of officers. We do not believe that Bethel needs such an organization now or in the near future. When such a need is evident there will be time enough to change the present method and in the meantime the present much more economical arrangement can continue.

It may be noted that the

MAGALLOWAY

Mrs. Bessie Harvey, Correspondent, the younger son of Mr. and Mrs. Ellis Olson, had the misfortune to fracture a leg in a skiing accident on Thursday evening.

Mrs. Bertha West has moved from Herman Kenney's home to stay with Mrs. Bessie Harvey for a while. Mrs. West is in Milan this week caring for her daughter's children during vacation. Her daughter, Mrs. Florence Balsar, is employed in Berlin.

The Magalloway and Wilson's Mills schools are also having a vacation this week. Clinton Jr. and Vernon Bennett from Indiana have been visiting their parents for a week. Clinton Jr. started back Saturday and Vernon will stay another week.

Mrs. Jean Howard and Mrs. Jerry Marsh of Colebrook visited Mr. and Mrs. Ewen Cameron one day last week. Mrs. Howard who has just returned from the Hanover Hospital is Ewen's second daughter.

Clyde Elliott is recovering very slowly from his accident of three weeks ago.

Mrs. Madeline Mathieson and Mr. and Mrs. Ewen Cameron spent Friday afternoon with his mother, Mrs. Mabel Cameron.

The Misses Kathy and Margo Harvey attended the Ice Follies at Boston Saturday. They went with friends from Berlin.

About six inches of snow fell Monday afternoon and night. Monday morning's temperature was 20 degrees below zero.

Budget Committee does not favor the proposal. Presumably when the time comes for a modern sewerage disposal system in Bethel such a district would be feasible, but now there is some likelihood of only increased expense without any immediate advantage.

LUCKY CLOVER 4-H CLUB

The Lucky Clover 4-H Club held a meeting at the Junior Leader's home on February 14 with the president, Judy DesRoches, calling the meeting to order. In the absence of the leader, Mrs. June Swan, the assistant leader, Miss Lorraine Olson, and the junior leader, Miss Josephine Foster, took charge of the meeting. After the business meeting we decided to practice what each would do at the Parents' meeting. Refreshments were served by Jodie Foster and Laurie Olson.

February 15 at the East Bethel School House, our Parents' meeting was called to order at 7:30 p. m. Russell Clark, County Club Agent, gave a very interesting talk on "What 4-H Really Is." Mr. Clark spoke before our business meeting, because he had to leave early. After our regular meeting we had a demonstration on "Egg in a Nest" by Sue Howe and Carol Olson. This was followed by a demonstration on "How to Bathe and Dress a Baby" by Judy DesRoches and Eleanor Billings. Then there was another demonstration on "Table Manners" by Wilma Harrington, Donna and Nadine Curtis and Sharon Boyce. We had a very fine attendance of the parents and we hope that they enjoyed the program. We thank all the parents who supported our efforts. We also hope that they will attend the public meeting on March 9. After the demonstrations were finished, refreshments of milk, coffee, and sandwiches were enjoyed by all. The next meeting will be February 21 at Jodie Foster's house.

Harris Hathaway, Ray Hanscom and Carl Brooks gave a short reading and George Wheeler told a story. Refreshments, in charge of Verna Swan, were served after the meeting. At the next meeting, March 3, it is expected that Clarence Todd, West Paris, will be present as speaker. Charlotte Cole and Ola Miele will serve on the refreshment committee. Granges from Buckfield and Mexico are invited.

The next meeting of the Fellowship Club will be held Feb. 28 in the church vestry. Mr. and Mrs. J. Everett Howe, Mr. and Mrs. Howard L. Surret, and Mr. and Mrs. Merle Ring will serve on the supper committee.

The Woodstockers 4-H Club met at the home of their leader, Mrs. Rodney Cross, Locke Mills. After the business meeting the following demonstrations were given: Good Grooming, Marie Swan and Rebecca Cary; Planning Your Wardrobe, Shirley Morgan; Cutting a Pattern, Noreen Swan and Anne Cross. Linda Gaugler and Anne Cross will have charge of the club notebook for the next month. Noreen and Marie Swan served refreshments and led games. The next meeting will be held Feb. 27. You are inside Shell's new all-weather laboratory at Wood River, Illinois. Here, Shell scientists test Super Shell for top performance in bitter cold.

Tests in Shell's new "40 below" lab prove that Super Shell 9-ingredient blend can give top performance all winter

SUPER SHELL's winter blend includes Butane for quick starts. Pentane mix for fast warm-ups. And an anti-icer to help fight stalling. Here's how they work—and how Shell engineers test them for top performance.

1. How Super Shell helps you get fast starts

Butane is the quick firing ingredient in today's Super Shell. It can boil and turn to vapor even on ice. Butane's ability to vaporize when cold helps Super Shell start your car promptly all winter.

The starting test: A car, filled with Super Shell, soaks up zero-degree cold for 12 hours. It must then start promptly. Shell engineers run cold starting tests on a variety of cars. They insist that Super Shell help them all start promptly.

2. How Super Shell speeds warm-ups

Pentane mix is Super Shell's fast warm-up ingredient. It ignites easily, helps

speed the warm up process.

The warm up test: A car, filled with Super Shell, stays in the lab overnight. Temperature: zero. Next morning, the car is started and eased up to cruising speed. Suddenly, the accelerator is pushed halfway to the floor.

The car must respond smoothly, without sputtering.

3. How Super Shell fights carburetor icing

The anti-icer in Super Shell coats vital carburetor parts with a protective film. This film helps guard the parts against critical ice buildup, helps prevent icing stalls when they are most likely to occur.

The icing test: Lab temperature is raised to 40 degrees and air moisture increased. These conditions encourage carburetor icing.

REASON: Fuel evaporation lowers the temperature inside your carburetor, freezing the airborne moisture. That's how ice can

build up and stall your engine—and when Super Shell's anti-icer must do its job.

Super Shell winter blend at all Shell stations today

You now know how three of Super Shell's nine ingredients work. The other six are for power, extra mileage, a quiet engine, top performance.
